

## NM-EJM6E SMT Pick And Place Machines Used original Panasonic NPM-D3A Machine

Our Product Introduction

for more products please visit us on [smtmachine-spareparts.com](http://smtmachine-spareparts.com)

### Basic Information

- Place of Origin: Japan
- Brand Name: Panasonic
- Model Number: NPM-D3A/NM-EJM6E
- Minimum Order Quantity: 1 pcs
- Price: USD+negotiable+pcs
- Packaging Details: 1200\*3000\*1800mm
- Delivery Time: 1-7 days
- Payment Terms: T/T
- Supply Ability: 1+pcs+per days

### Product Specification

- Model ID: NPM-D3A
- Model No.: NM-EJM6E
- Dual-Lane Mode: 0s\* \*No 0s When Cycle Time Is 3.6 S Or Less
- Single-Lane Mode: 3.6s\* \*When Selecting Short Conveyors
- Electric Source: 3-phase AC 200, 220, 380, 400, 420, 480 V  
2.7 KVA
- Pneumatic Source: 0.5 MPa, 100 L /min (A.N.R.)
- Dimensions (mm): W 832 × D 2,652 [\*3] × H 1,444 [\*4]
- Mass: 1 680 Kg (Only For Main Body : This Differs Depending On The Option Configuration.)
- Highlight: **NM-EJM6E SMT Pick And Place Machines, SMT Pick And Place Machines NPM-D3A**

## Product Description

### Panasonic NPM-D3A (NM-EJM6E) Mounting Machine

The Panasonic NPM-D3A (NM-EJM6E) is an advanced SMT (Surface Mount Technology) mounting machine designed to offer unparalleled speed, precision, and versatility in electronic component placement. It is engineered to meet the demands of high-volume production with a focus on quality and efficiency.

#### Key Features

**High-Speed Performance:** Delivers rapid component placement, enhancing overall production throughput.

**Dual-Lane Capability:** Supports simultaneous processing of different PCBs, increasing flexibility and efficiency.

**Advanced Vision System:** Utilizes cutting-edge vision technology for precise alignment and accurate component placement.

**Versatile Component Handling:** Capable of accommodating a wide range of component sizes and types, from tiny chips to larger integrated circuits.

**User-Friendly Interface:** Simplified controls and intuitive software ensure easy operation and quick setup.

#### Benefits

**Increased Productivity:** Maximizes output with its fast and reliable placement operations.

**Adaptability:** Easily configurable for various production requirements, making it suitable for high-mix manufacturing environments.

**Improved Quality:** Minimizes errors and defects, ensuring high-quality assembly and reducing the need for rework.

#### Applications

The Panasonic NPM-D3A (NM-EJM6E) is ideal for industries such as consumer electronics, automotive electronics, telecommunications, and more, where precision and speed are essential.

#### Conclusion

Combining high-speed capabilities with exceptional precision, the Panasonic NPM-D3A Mounting Machine is an excellent choice for manufacturers seeking to optimize their SMT assembly processes. Its robust performance and adaptability make it a vital asset for any production line.
