

PET ESD SMT Anti Static Adhesive Tape Reel Sealer 50mm x 7mm with Static Voltage <100V for SMT Process

Our Product Introduction

for more products please visit us on smtmachine-spareparts.com

Basic Information

- Place of Origin: China
- Brand Name: GS
- Model Number: GSK-R208
- Minimum Order Quantity: 1 PCS
- Price: USD+negotiable+pcs
- Packaging Details: 60mm x 10mm
- Delivery Time: 1-7 days
- Payment Terms: T/T
- Supply Ability: 1+pcs+per days

Product Specification

- Brand Name: GS
- Material: PET
- Model Number: GSK-R208
- Application: SMT Process
- Customization: Support
- Package roll : 3000pcs
- Static Voltage: <100V
- Dimensions: 50mm X 7mm
- Highlight: esd smt splice tape , esd smt double splice tape

Product Description

PET ESD SMT Anti Static Adhesive Tape Reel Sealer

GSK-R208 PET ESD SMT Anti Static Adhesive Tape Reel Sealer

Applications

Preventing Unravelling of SMT Carrier Tape Reels

The GSK-R208 Reel Sealer effectively prevents unravelling of SMT carrier tape reels when not in use. This maintains tape integrity, prevents component damage, and reduces material waste.

Ideal for Storage

This reel sealer ensures secure sealing during storage, protecting against contamination and damage while maintaining tape quality and component protection.

Universal Application for Reels of All Sizes

Designed for versatility, the GSK-R208 works with reels of all sizes, making it suitable for diverse production requirements from delicate components to bulk production.

Advantages

ESD Safe: Protects electronic components from electrostatic discharge damage

Two Non-Adhesive Ends: Simplifies application and removal without sticking to unwanted surfaces

Clearly Marked and Easy to Peel: Enables quick, accurate application in high-volume environments

Strong Durable Material: Made from robust PET material for long-lasting industrial performance

Global Soul Limited
