

Silver Red SMT Splice Tape With Intelligent Feeder GSM27 Series

Our Product Introduction

for more products please visit us on smtmachine-spareparts.com

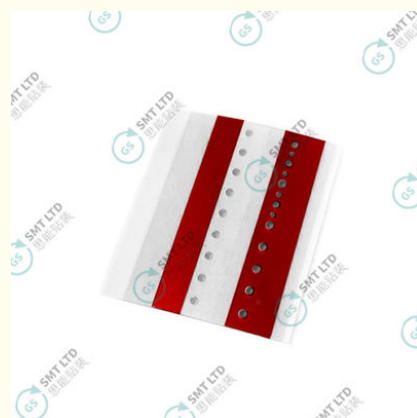

Basic Information

- Place of Origin: China
- Brand Name: GS
- Model Number: GSM2708/GSM2712/GSM2716/GSM2724
- Minimum Order Quantity: 1 PCS
- Price: USD+negotiable+pcs
- Packaging Details: 26*40*10mm
- Delivery Time: 1-7 days
- Payment Terms: T/T
- Supply Ability: 1+pcs+per days

Product Specification

- Brand Name: GS
- Material: PET
- Model Number: GSM2708/GSM2712/GSM2716/GSM2724
- Product Name: Special Red Spice Tape
- Application: SMT Process
- Customization: Support
- Lead Time: 1-3 Days
- Highlight: Silver SMT Splice Tape, Red SMT Splice Tape

Product Description

GSM27 Series SMT Silver Red Splicing Tape With Intelligent Feeder

GSM27 Series Special Red Spice Tape for Fuji Fuji machines with an intelligent feeder. Professional ESD Silver splice tape, each size has placement holes that you can be used with the alignment jigs.

Product Features

1. High-Quality Splicing Tape

The GSM27 Series Special Red Splice Tape is engineered for high performance and reliability. It is crafted from professional ESD (Electrostatic Discharge) silver material, which ensures the safe handling of sensitive electronic components. Each tape strip is designed with precision placement holes that align perfectly with the alignment jigs, making the splicing process quick and error-free.

2. Compatibility with Fuji Machines

This splice tape is specifically designed for use with Fuji machines, which are renowned for their precision and reliability in the SMT industry. The intelligent feeder system integrated with this splice tape ensures smooth and efficient feeding of components, minimizing the chances of misalignment or errors during the assembly process.

3. Versatile Application

The GSM27 Series splice tape is versatile and can be used with a wide range of SMT carrier tapes, ranging from 8mm to 88mm. This broad compatibility makes it suitable for various machines, including those from Universal, Juki, Sanyo, Hitachi, and more. The ability to work seamlessly with different equipment makes this splice tape a valuable addition to any SMT assembly line.

4. Custom Sizes Available

Understanding that different assembly lines have unique requirements, the GSM27 Series splice tape is available in sizes ranging from 32mm to 88mm upon request. This customization ensures that manufacturers can obtain the exact size needed for their specific applications, enhancing the efficiency and effectiveness of the splicing process.

Part (reel)	Dimensions (pc)	Package(box)
GSM2708 (8mm)	4.5/7.5mm x 38mm	500pcs
GSM2712 (12mm)	8.5/11.5mm x 38mm	500pcs
GSM2716 (16mm)	15.5/13mm x 38mm	500pcs
GSM2724 (24mm)	21/24mm x 38mm	250pcs

SMT Silver Red Splicing Tape With Intelligent Feeder GSM27 Series | GSSMT, SMT double splice tape, SMT double splice tape for pick-and-place, SMT double splice tape yellow, SMT double splice tape suppliers, Double splice tape for SMT machines, SMT double splice tape adhesive, SMT double splice tape black, SMT double splice tape usage guide, SMT double splice tape for feeders, High-quality SMT double splice tape, SMT double splice tape price, SMT splice tape double-sided, Double splice tape for Panasonic SMT, Double splice tape for Fuji SMT, SMT double splice tape compatibility, Double splice tape for high-speed SMT machines, SMT double splice tape performance, SMT double splice tape durability, SMT splice tape double strength, SMT double splice tape best practices
