

Black SMT Splice Tool with Zig Zag Positioning Steel Tool Body and Plastic Handle for Precision Cutting

Our Product Introduction

for more products please visit us on smtmachine-spareparts.com

Basic Information

- Place of Origin: China
- Brand Name: GS
- Model Number: GSMTL40
- Minimum Order Quantity: 1 PCS
- Price: USD+negotiable+pcs
- Packaging Details: 26cm x 10cm x 5cm
- Delivery Time: 1-7 days
- Payment Terms: T/T
- Supply Ability: 1+pcs+per days

Product Specification

- Brand Name: GS
- Model Number: GSMTL40
- Product Name: SMT Zig-zag Splice Tool
- Dimensions (pc): 23cm X 8cm X 3cm
- Material: Steel Tool Body+Plastic Handle
- Application: SMT Process
- Customization: Support
- Weight: 0.18kg
- Highlight: **Positioning Splice Scissor Tool, SMT Splice Scissor Tool**

Product Description

Black SMT Zig Zag Positioning Splice Scissor Tool GSMTL40

GSMTL40 High-Quality SMT Zig-Zag Splice Tool Cutter

Elevate your SMT cutting process with the GSMTL40, a premium Zig-Zag Splice Tool Cutter engineered from high-quality stainless steel. Specifically designed for precision in SMT applications, this tool guarantees a straight, accurate cut every time, ensuring optimal alignment and efficiency in your electronic assembly operations.

Applications

- Provides a precise straight cut for 8mm component reels
- Features a unique design with pin guides for accurate zig-zag cutting
- Ensures precise alignment and cutting of carrier tapes for seamless splicing

Advantages

- Enhanced Alignment: Placement pin guides improve the alignment for splicing
- Safety Features: Safety clamp when not in use
- User-Friendly Design: Lightweight with a comfortable grip, making it easy to operate for extended periods

Instructions for Use

- Open the safety clamp to release and spring open the scissors
- Position the component carrier tape on the pitch placement pin guides
- Squeeze the handle to cut the carrier tape accurately and efficiently

Experience superior precision and ease of use with the GSMTL40 SMT Zig-Zag Splice Tool Cutter. Its durable construction and ergonomic design make it an indispensable tool for any SMT assembly line, ensuring clean, accurate cuts and enhanced productivity.
