

Blue Metal SMT Splice Cutter Tool GSMTL20 SMT Splicing Scissor

Our Product Introduction

for more products please visit us on smtmachine-spareparts.com

Basic Information

- Place of Origin: China
- Brand Name: GS
- Model Number: GSMTL20
- Minimum Order Quantity: 1 PCS
- Price: USD+negotiable+pcs
- Packaging Details: 20cmx 8cm x 5cm
- Delivery Time: 1-7 days
- Payment Terms: T/T
- Supply Ability: 1+pcs+per days

Product Specification

- Brand Name: GS
- Model Number: GSMTL20
- Product Name: SMT Cutting Tool
- Dimensions (pc): 17cmx 4.5cm X 1cm
- Material: Steel Tool Body+Plastic Handle
- Application: SMT Process
- Customization: Support
- Lead Time: 1-7 Days
- Highlight: **Metal SMT Splice Cutter, Blue SMT Splice Cutter, Metal SMT Splicing Scissor**

Product Description

GSMTL20 Blue Metal SMT Splice Cutter Tool Scissor

DESCRIPTION

GSMTL20 High quality and convenient splice scissor with sawtooth. It's suitable for all size carrier tape and splice to be combined perfectly by it's sawtooth clip.

Key Features

1. Spring Design for Automatic Repositioning

- The GSMTL20 is equipped with a spring mechanism that allows for automatic repositioning. This design ensures that the scissors are always ready for use, enhancing efficiency and convenience. The spring design also helps to buffer vibrations during use, reducing hand fatigue and improving the overall user experience.

2. High-Quality Stainless Steel Construction

- Constructed from high-quality stainless steel, the GSMTL20 offers exceptional durability and longevity. Stainless steel is resistant to rust and corrosion, ensuring that the scissors remain in excellent condition even after prolonged use.

3. Sharp Sawtooth Blades

- The sawtooth blades of the GSMTL20 are designed for smooth and precise cutting. The sharpness of the blades ensures that every cut is clean and accurate, reducing the risk of errors and wastage. Whether you are cutting through thick materials or delicate fabrics, the GSMTL20 handles the job with ease.

4. Safety Clamp for Secure Storage

- Safety is a paramount concern, and the GSMTL20 addresses this with its built-in safety clamp. When not in use, the safety clamp keeps the scissors securely closed, preventing accidental cuts and injuries. This feature makes the GSMTL20 safe to store and transport, giving you peace of mind.

5. Lightweight and Ergonomic Design

- Weighing in at a comfortable level, the GSMTL20 is designed for ease of use. Its lightweight construction reduces hand strain, making it ideal for extended periods of use. The ergonomic grip ensures a comfortable hold, allowing for precise control and reducing the risk of slipping.
