

Copper SMT Splice Clip 0.1mm Thickness AI Connector SMT Clip GSM0900

Our Product Introduction

for more products please visit us on smtmachine-spareparts.com

Basic Information

- Place of Origin: China
- Brand Name: GS
- Model Number: GSM0900
- Minimum Order Quantity: 1 box
- Price: USD+negotiable+box
- Packaging Details: 10*10*10mm
- Delivery Time: 1-7 days
- Payment Terms: T/T
- Supply Ability: 1+box+per days

Product Specification

- Brand Name: GS
- Model Number: GSM0900
- Product Name: SMT Splice Clip
- Thickness: 0.1mm
- Material: Copper
- Application: SMT Process
- Customization: Support
- Package: 4000pcs/box
- Highlight: Copper SMT Splice Clip, SMT Splice Clip 0.1mm

Product Description

GSM0900 Copper Splicing Clips SMT AI Connector SMT Clip

DESCRIPTION

New style sheet splice copper clip that is not scrap side extended during jointing operation to avoid hurting operator's hand, and reduce copper scrap. For all carrier tapes splicing, with accuracy placement hold splicing hard.

Why Choose Our Copper Splice Clip?

In the competitive world of electronics manufacturing, having the right tools can make all the difference. Our New Style Sheet Splice Copper Clip offers a range of benefits that set it apart from other splicing solutions on the market:

1. **Enhanced Safety:** By eliminating the risk of scrap side extension, our splice clip ensures that your operators can work safely and efficiently. This design feature reduces the likelihood of workplace injuries, helping you maintain a safe and productive work environment.
2. **Environmental Responsibility:** Reducing copper scrap is not only beneficial for your bottom line but also for the environment. Our splice clip helps you minimize waste, contributing to more sustainable manufacturing practices.
3. **Cost-Effective:** The robust construction and reliable performance of our splice clip mean that you can reduce the frequency of replacements and repairs, saving you time and money in the long run.
4. **High Performance:** With its precision design and compatibility with all AI machines, our splice clip ensures that your splicing operations are consistently accurate and reliable. This high level of performance helps you maintain the quality and efficiency of your production processes.
