## Product Description

### N610159207AA SMT Panasonic Lightweight 16 Nozzle Head MTKA005670AA/N610160410AA

#### Product Overview

The N610159207AA SMT Panasonic Lightweight 16 Nozzle Head is a high-performance component designed for Panasonic pick-and-place machines. Engineered for efficiency and reliability, this nozzle head enhances your SMT assembly line with its lightweight construction and optimized 16-nozzle configuration.

#### Key Features

- Lightweight design reduces machine load for faster operation
- 16-nozzle configuration for high-volume production
- Compatible with various Panasonic SMT machine models
- Durable construction withstands continuous use
- Easy installation with minimal workflow disruption
- Versatile handling of multiple component sizes and types

#### Performance Benefits

This nozzle head significantly increases throughput while maintaining precision in component placement. Its robust design ensures consistent performance, reducing downtime and maintenance requirements. The optimized configuration allows for simultaneous handling of multiple components, making it ideal for demanding production environments.
