

Integrated Dismantling Planting Machine 1900x1100x1600mm SMT

Our Product Introduction

for more products please visit us on smtmachine-spareparts.com

Basic Information

- Place of Origin: China
- Brand Name: GS
- Minimum Order Quantity: 1 PCS
- Price: USD+negotiable+pcs
- Packaging Details: 2000*1200*1700mm
- Delivery Time: 1-7 days
- Payment Terms: T/T
- Supply Ability: 1+pcs+per days

Product Specification

- Dimensions: 1900*1100*1600mm
- Applicable PCB Board Size: 200*180mm (size Is Not Limited, Other Sizes Can Be Customized According To Customer Requirements)
- Applicable Fixture Size: 250*220 (length*width) (size Is Not Limited, Other Sizes Can Be Customized According To Customer Requirements)
- Condition: Original New
- Highlight: Integrated Dismantling And Planting Machine

Product Description

Integrated Dismantling And Planting Machine

Dismantling and Planting Integrated Machine

The integrated board dismantling and implanting machine combines multiple automated functions for efficient SMT production line operations.

Application

This advanced system consists of:

- Automatic board implanting machine
- Automatic board dismantling machine
- Temporary storage machine
- Board flipping machine
- Board loading machine

Designed for SMT production lines, it performs automated PCB board handling including:

- Board turning (up/down orientation)
- PCB board flipping
- Semi-finished board handling
- Automatic fixture storage
- Fully automated circulation storage system

Integrated planting machine, Dismantling equipment services, Planting technology solutions, Plant dismantling process, Automated planting machines, Integrated agricultural machinery, Dismantling and relocation services, Planting machine setup, Plant equipment dismantling, Multi-functional planting equipment, Dismantling and installation guide, Planting machine performance, Industrial dismantling techniques, Planting machine maintenance, Agricultural equipment integration, Dismantling safety protocols, Precision planting technology, Planting machine innovations, Dismantling and rigging services, Integrated tillage and planting systems
