

SMT Pick And Place Machines Advanced High Speed Flexible Mounter SM481

Our Product Introduction

Basic Information

- Place of Origin: Japan
- Brand Name: Samsung
- Model Number: SM481
- Minimum Order Quantity: 1 PCS
- Price: USD+negotiable+pcs
- Packaging Details: 1500*1800*1600cm
- Delivery Time: 1-7 days
- Payment Terms: T/T
- Supply Ability: 1+pcs+per days

Product Specification

- Model: SM481
- Positioning Speed: 38,000 CPH(Optimum)
- Applicable Part: 0402 ~ □42mm(H 15mm)
- Applicable PCB: 460(L) X 400(W)(Standard)
- Highlight: **high speed smt pick and place machines ,
high speed smt pick and place equipment**

Product Description

ADVANCED HIGH SPEED FLEXIBLE MOUNTER

As a general component placer whose vision system is reinforced based on the platform of the SM471 high speed chip shooter and whose chip placement speed is the highest among the same class component placers, the SM481 realized a chip placement speed of 38,000 CPH, the highest among the same class component placers, by applying a head with one gantry and ten spindles as well as new flying vision and by maximizing the pickup and placement motion.

In addition, it is applicable up to 0402 chips and $\square 42\text{mm}$ ICs.

It has improved actual productivity and placement quality by applying high speed and high precision electrically driven feeders.

Furthermore, since it is designed to be compatible with SM series pneumatic feeders, it maximizes the customer's operational convenience.
