

JUKI Radial Tape Feeder with 24V Power Supply 12.7/15mm Braid Material and Aluminum Alloy Stainless Steel Construction

Our Product Introduction

for more products please visit us on smtmachine-spareparts.com

Basic Information

- Place of Origin: China
- Brand Name: GS
- Model Number: GSFD-CF-JUKI
- Minimum Order Quantity: 1 PCS
- Price: USD+negotiable+pcs
- Packaging Details: 100*45*30cm
- Delivery Time: 1-7 days
- Payment Terms: T/T
- Supply Ability: 1+pcs+per days

Product Specification

- Material: Aluminum Alloy + Stainless Steel
- Fixed Mode: Consistent With The Equipment Standard Feeder
- PC Link: Consistent With The Standard Feeder For Equipment
- Voltage Used: Power Supply Of Access Equipment / External Connection 24V
- Rated Current: 1.5A
- Peak Current: 2.5A
- Label Positioning: Optical Fiber Positioning And Pulse Compensation
- Maximum Speed: 3 Pcs/s
- Drive Roller Unit: Feeding Cutting
- Refueling Method: Stop And Manual Operation
- Material Specification: 12.7/15mm Braid Material
- Condition: Original New

Product Description

GSFD-CF-JUKI SMT Feeder JUKI Radial Tape Feeder 24V Power Supply

Radial Tape Feeder Functional Characteristics

Exclusive and pioneering one-piece molding technology: effectively reduces installation errors, stable and efficient.

Slim body design: occupies less space for positioning, maximally saves material loading space.

Uses a reducer motor: quiet, efficient, and reduces gear wear.

Customizable for various models.

SMT Feeder JUKI Radial tape feeder | GSSMT, Radial tape feeder specifications, SMT radial tape feeder, Automatic radial tape feeder, Radial component feeding systems, High-speed radial tape feeder, Radial tape feeder applications, Feeders for odd-form components, Radial lead cutting unit, Precision radial tape feeders, Radial tape feeder reviews, Component placement accuracy, Dual magazine radial feeders, Radial tape feeder integration, Custom radial feeder solutions, SMT production efficiency, Radial tape feeder setup, Electronic radial tape feeders, Compatible machines for radial feeders, Used radial tape feeders for sale, Maintenance of radial tape feeders
