

GS WZ-600 SMT Solder Paste Mixer 800 RPM Adjustable Speed

Basic Information

- Place of Origin: China
- Brand Name: GS
- Model Number: WZ-600
- Minimum Order Quantity: 1 PCS
- Price: USD+negotiable+pcs
- Packaging Details: 400*400*400mm
- Delivery Time: 1-7 days
- Payment Terms: T/T
- Supply Ability: 1+pcs+per days

Product Specification

- Brand Name: GS
- Product Name: SMT Solder Paste Mixer
- Model Number: WZ-600
- Condition: Original New/Used Original
- Highlight: Adjustable Speed SMT Paste Mixer, Centrifuge SMT Paste Mixer, Automatic Mixing SMT Paste Mixer

Product Description

Centrifuge SMT Paste Mixer with Adjustable Speed and Automatic Mixing

Key Features

- High-speed operation up to 800 RPM
- Pre-deicing required for solder paste before mixing
- Sealed container operation - no need to open during mixing
- Single-phase 220V power supply
- Eliminates water gas issues
- Preserves tin powder particle integrity
- Universal fixture accommodates all standard 500g tin paste containers
- Programmable mixing time with flexible settings

Operation Instructions

- After initial setup, open the machine cover and inspect for foreign objects
- Adjust the solder paste fixture angle and securely place the container
- Manually rotate the tin paste pot to verify clearance before closing the cover
- Set the optimal mixing time according to your solder paste specifications
- Press start - the indicator light will activate during operation
- The machine will automatically stop when cycle completes
- After operation, verify machine has stopped before removing the container
