

Bathrive FBT60 Furnace Temperature Tester 6-Channel 1000MA Battery

Our Product Introduction

for more products please visit us on smtmachine-spareparts.com

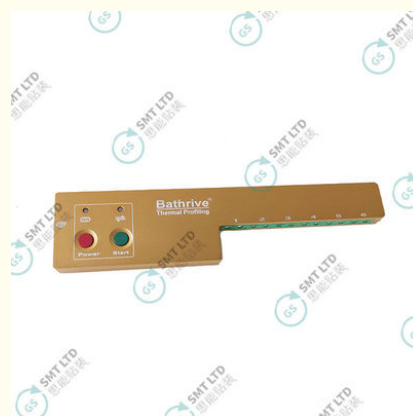

Basic Information

- Place of Origin: China
- Brand Name: Bathrive
- Model Number: FBT60 / FBT61
- Minimum Order Quantity: 1 PCS
- Price: USD+negotiable+pcs
- Packaging Details: 222*60*10mm
- Delivery Time: 1-7 days
- Payment Terms: T/T
- Supply Ability: 1+pcs+per days

Product Specification

- Brand Name: Bathrive
- Product Name: Furnace Temperature Tester Bathrive Bride FBT60
- Model Number 1: FBT60
- Model Number 2: FBT61
- Condition: Original New/Used Original
- Lead Time: 1-7 Days
- Highlight: **Furnace Temperature Tester, Bathrive Bride FBT60, Furnace Temperature Tracker**

Product Description

Reflow Soldering Wave Soldering Thermometer Furnace Temperature Tracker FBT60

Product Characteristics

- 32-bit MCU with space-grade computing power enables 30+ hours of operation on just 1000mA battery
- Stores up to 255 data groups with power-down protection
- Modular software design with independent process, product, and furnace libraries
- One-click automatic curve optimization with three optimization modes
- Millions of temperature curve data models for optimal furnace parameter recommendations

Technical Specifications

Model	Bathrive_FBT60
Channels	6
Dimensions	222*60*10 mm
Measurement Precision	±0.5
Temperature Resolution	0.1
Sampling Speed	100 times/second ~1 hour/time
Storage Capacity	128Mb (255 groups)
Battery Capacity	1000MA
Operating Temperature	-40~85°C
Measuring Range	-200~1370°C
Thermocouple Type	K type
Communication	USB
Software Languages	Chinese Simplified, Chinese Traditional, English
Software Compatibility	Windows XP, 7, 10, 11 (32/64-bit)

Typical Applications

Electronic manufacturing, semiconductor production, photovoltaic applications, spraying processes, brazing operations, new energy production, metallurgy, glue curing (vertical furnace), food baking, and more.

Reflow Soldering Thermometer, Wave Soldering Temperature Tracker, Furnace Temperature Tester, Bathrive FBT60, SMT Thermal Profiler, PCB Temperature Profiling System, Reflow Oven Profiler, Soldering Profile Tester, SMT Process Optimization Equipment, Temperature Measurement Profiler
