

KIC 2000 Furnace Temperature Tester 9-Channel -150 to 1050 Range

Our Product Introduction

for more products please visit us on smtmachine-spareparts.com

Basic Information

- Place of Origin: China
- Brand Name: KIC
- Model Number: KIC 2000
- Minimum Order Quantity: 1 PCS
- Price: USD+negotiable+pcs
- Packaging Details: 330.2*93*.34mm
- Delivery Time: 1-7 days
- Payment Terms: T/T
- Supply Ability: 1+pcs+per days

Product Specification

- Brand Name: KIC
- Product Name: KIC Furnace Temperature Tester
- Model Number: KIC 2000
- Condition: Original New/Used Original
- Highlight: 9-channel KIC thermometer, SMT furnace temperature tracker, wave soldering KIC thermometer

Product Description

SMT Furnace Temperature Tracker Reflow Furnace Wave Soldering 9-channel KIC Thermometer KIC2000

Product Features

- Automatic thermocouple position setting import
- Temperature curve evaluation automation
- Automatic visual operation instructions
- Overheat/battery low protection with automatic test stop
- Automatic data retrieval ensures temperature curve integrity
- Automatic production process stability confirmation

Technical Specifications

Accuracy	±1.2°C
Resolution	0.1°C to 0.3°C
Operating Temperature	0°C to 105°C
Thermocouples	9/12 K-type
Measurement Range	-150°C to 1050°C
System Compatibility	PC compatible
Power	9V alkaline battery
Dimensions (with heat jacket)	330 * 95 * 34.5 mm
Model	KIC 2000
Instrument Dimensions	260 * 80 * 20 mm

Applications

Electronic manufacturing, semiconductor, photovoltaic, spraying, brazing, new energy, metallurgy, glue curing (vertical furnace), food baking, and more.

Package Contents

- KIC host: 1
- Insulated box: 1
- Thermocouple temperature measurement line: 9
- Ampelopsis root line: 1
- Battery: 2
- Manual: 1
- Validation report: 1
- USB serial cable: 1
- High temperature tape: 1 roll
- Installation instructions: 1 copy
- Scissors: 1 pair
- Outer box: 1
- Spare parts list: 1

SMT furnace temperature tracker, reflow furnace wave soldering, 9-channel KIC thermometer, KIC2000 furnace temperature tester, KIC reflow oven profiler, SMT reflow oven profiler, KIC temperature profiling tool, reflow soldering temperature profiler, PCB reflow oven monitoring, KIC process optimization system
