

PARMI HS60XXL Solder Paste Inspector 3D Laser SPI Machine

Our Product Introduction

for more products please visit us on smtmachine-spareparts.com

Basic Information

- Place of Origin: Korea
- Brand Name: PARMi
- Model Number: HS60XXL
- Minimum Order Quantity: 1 PCS
- Price: USD+negotiable+pcs
- Packaging Details: 1550*1600*1650mm
- Delivery Time: 1-7 days
- Payment Terms: T/T
- Supply Ability: 1+pcs+per days

Product Specification

- Machine Name: SOLDER PASTE INSPECTOR
- Model: HS60XXL
- Maker: Parmi / Korea
- Input Power: AC 220V, 1Phase, 60/50Hz, 16A
- Air Pressure: 0.5±0.1MPa
- Weight: 1000kg
- Dimension: 1450(D)x1500(W)x1550(H)
- Serial No: H6LT66616F2XLP
- Manuf.Date: Jul.2016
- Condition: Used Original
- Highlight: **PARMI SPI HS60XXL SOLDER PASTE INSPECTOR**, **HS60XXL SOLDER PASTE INSPECTOR**, **PARMI SPI HS60XXL**

Product Specifications

Attribute	Value
Machine Name	SOLDER PASTE INSPECTOR
Model	HS60XXL
Maker	Parmi / Korea
Input Power	AC 220V, 1Phase, 60/50Hz, 16A
Air Pressure	0.5±0.1MPa
Weight	1000kg
Dimension	1450(D)x1500(W)x1550(H)
Serial No	H6LT66616F2XLP
Manuf.Date	Jul.2016
Condition	Used Original

Key Features of PARMi SPI HS60 and Related Models

- Advanced Inspection Technology:** 3D Laser Triangulation Sensor provides robust 3D data and profiles the real shape of features, offering high accuracy against variations in materials and surface conditions. Dual Laser Projection eliminates shadow effects for precise measurement.
- Real-Time Warpage Tracking:** Accurately measures PCB warpage up to ±5mm using real-time Z-axis control and scanning.
- Component Inspection:** Can inspect components up to 65mm in height using a multi-step scanning method, providing industry-leading height measurement capabilities.
- User Interface and Control:** Features a user-friendly interface with graphical windows for easy operation and setup. Supports remote management of multiple SPI systems.
- Inspection Speed and Resolution:** Models like the HS60 Supreme offer inspection speeds of 100cm²/sec at resolutions of 13x13µm.
- Material Compatibility:** PARMi's inspection technology is compatible with various materials and surface conditions, unaffected by color

or material variations.
