

RX-7R Compact SMT Pick And Place Machine 56 Feeder Capacity

Our Product Introduction

for more products please visit us on smtmachine-spareparts.com

Basic Information

- Place of Origin: Japan
- Brand Name: JUKI
- Model Number: RX-7R
- Minimum Order Quantity: 1 PCS
- Price: USD+negotiable+pcs
- Packaging Details: 1100*2000*1600mm
- Delivery Time: 1-7 days
- Payment Terms: T/T
- Supply Ability: 1+pcs+per days

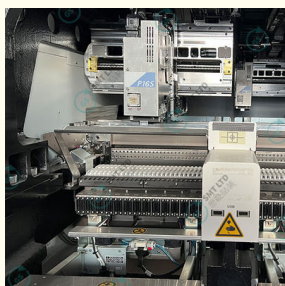

Product Specification

- Model Number: RX-7R
- Feeder Capacity: Up To 56
- Power Supply: 3 Phase AC200V,220V-430V
- Apparent Power: 2.3kVA
- Operating Air Pressure: 0.5±0.05MPa
- Air Consumption (standard): 20L/ANR(during Normal Operation)
- Machine Dimensions (W X D X H): 998×1,895×1,530mm
- Mass (approximately): About 1,820kg
- Highlight: **Fast Assembly Pick And Place Machine, Speed SMT Pick And Place Machine, Compact SMT Pick And Place Machine**

Product Description

RX-7R Compact Speed SMT Pick And Place Machine

Key Specifications

Attribute	Value
Model number	RX-7R
Feeder capacity	Up to 56
Power supply	3 phase AC200V,220V-430V
Apparent power	2.3kVA
Operating air pressure	0.5±0.05MPa
Air consumption (standard)	20L/ANR(during normal operation)
Machine dimensions (W × D × H)	998 × 1,895 × 1,530mm
Mass (approximately)	about 1,820kg

Product Overview

The RX-7R Compact Speed SMT Pick and Place Machine features significant upgrades in PCB handling flexibility and placement accuracy through its innovative placement head design. This high-speed mounting system is optimized for smaller components while maintaining Juki's renowned reliability.

Key Features

- Dual lane conveyor supports two L-size PCBs (420 x 450mm) while maintaining compact machine dimensions
- P16S placement head with new axial design for enhanced angular placement accuracy
- Ideal for LED board production with growing market demands
- Compatible with flexible mounter combinations for complete production lines
- Configurable with either fixed feeder banks or feeder trolleys
- Conveyor options available for dual or single lane operation

The RX-7R represents the continued evolution of Juki Smart Solutions, delivering improved flexibility and capability while providing Total Line Solutions for modern SMT production environments.
