

ESD PCB Magazine Rack Holder 535x460x570mm Gear Adjustment

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: GS
- Minimum Order Quantity: 1 PCS
- Price: USD+negotiable+pcs
- Packaging Details: 550*500*600mm
- Delivery Time: 1-7 days
- Payment Terms: T/T
- Supply Ability: 1+pcs+per days

Product Specification

- Highlight: PCB Management PCB Magazine Rack , 535*460*570MM PCB Magazine Rack, ESD PCB Magazine Rack Holder

Product Description

ESD PCB Magazine Rack - 535×460×570mm

Key Features

- ESD detection safety qualified
- Gear-type convenient adjustment
- Smooth plate placement
- Easy to load onto the machine
- Customizable to non-standard requirements

Frequently Asked Questions

Why you need ESD protection for your production line?

Implementing robust ESD (Electrostatic Discharge) protection on your production line is essential for:

- Safeguarding sensitive electronic components
- Ensuring product quality and reducing costly failures
- Preventing immediate or latent damage to components
- Reducing scrap and rework rates
- Maintaining product reliability and performance
- Protecting expensive manufacturing equipment

Effective ESD control creates a safe environment, leading to higher yields, lower production costs, and improved product reliability.

Why choose Global Soul Limited?

- Specialized ESD expertise and comprehensive product range
- Commitment to quality and reliability meeting international standards
- Tailored solutions for unique production environments
- Proven performance across electronics sectors
- Dedicated customer support and technical assistance

Our solutions deliver tangible results in reducing ESD-related losses and building superior product quality.
